Data Controller details:

Name: NEW CUST S.A.
Seat: Koropi
Management phone no: 2109656388

Thank you for entrusting the company «NEW CUST S.A.» (hereinafter «the Company») with the processing of your personal data. In accordance with the «General Data Protection Regulation» [EU] 2016/679 (GDPR) (hereinafter «the Regulation»), we hereby inform you of the Cookies Policy.

Cookies Policy

Our company's website respects the privacy of every natural person and tries to collect only the personal information necessary for its smooth operation, while ensuring a high-level user experience.
Although Cookies themselves cannot search and process personal data or perform a search on your computer, they store personal information about your website traffic history or preferences.

What are Cookies?

Cookies are small text files that are sent and stored on your computer, smartphone or other device you use to access the Internet, every time you visit a website. Cookies are not viruses. They are not pieces of code. Therefore, they cannot multiply and spread to other networks. Since they cannot perform these functions, they do not fall under the standard definition of a virus.
Cookies are necessary in principle, as they allow a website to recognize a user's device and adapt its content to it. For more information on Cookies, you can visit one of the specialized websites, such as: https://cookies.insites.com/

Our Website uses Cookies

We use cookies (Session or transient / Permanent, persistent or stored / Flash cookies) to improve the speed and quality of service, every time you visit our website.
The user is informed about the use of cookies. Your continued use of the website indicates you consent to their use. In case, despite the above, the user does not wish to use them, they can disable them. Disabling them reduces the performance of certain website features.

WOULD YOU LIKE MORE INFORMATION?

Universal Analytics (Google): These cookies are used to collect information about how visitors use our website. We use the information to compile reports and improve the website. Cookies (_ga, _gat, _gid) collect information in an anonymized form, including the number of visitors to the website, what the previous website was, and the pages visited (Read Google's overview of privacy and safeguarding data).
